 - a. A concise summary of the holdings of the five (5) cases which each party believes most support its legal contentions.
 - b. The moving party shall identify the five (5) most significant exhibits already produced which support its position that there are no genuine disputes of material fact which prevent relief being granted under Rule 56.
 - c. No later than December 21, 2020 at 4:00 p.m., the non-moving party shall identify the five (5) most significant exhibits already produced which support its position that genuine disputes of material fact still exist, and require the motion to be denied.
